

SERIES: WELCOME TO WONDERLAND

Episode 1: Center of the World

What do we do with life's big mysteries?
How do we find peace with our unanswered questions?

QUESTIONS:

- 01**  We all grow up with a framework for making sense of the world. Which best describes yours: religious, academic, scientific, moralistic, or something else? How has your outlook on life changed over time?

- 02**  Have you ever experienced a time when what you thought was true no longer made sense? Explain.

- 03**  For you personally, what is the “price of admission” to faith? In other words, what would it cost you?

- 04**  Was there ever a time in your life when your faith was solely dependent on a church, religious leader, personal experience, or the Bible? Would your perspective change if it was focused on Jesus instead?

NOTES:

BOTTOM LINE

***Choosing to follow Jesus doesn't mean we get all the answers.
It means we get a new point of reference.***
